Indicators Used

INDICATOR	DESCRIPTION AND HOW IT WAS CALCULATED
Licensure Pass Rates	N.A.
Acceptance into Graduate Programs	<p>Our students graduate in two different streams: Business administration and Bachelor of Science in finance. After graduation, the University processes their degrees for approval to Ministry of Higher education in Afghanistan (MOHE). In the year 2018-2019, the accepted students into graduate programs were 90.77% for business administration and 77.61% for bachelor of science in finance based on a total one hundred and ninety-seven students.</p> <p>The students after graduation pursue their degrees in graduate programs worldwide. In the year 2018-2019, students preferred to study in Europe, as massive number of scholarships are bring awarded by EU countries.</p>
Graduation Rate	<p>Our University calculates the graduation rate based on the number of students admitted for a period vs total number of students graduated. In the relevant year of 2018-2019, the total number of students admitted through the entrance exams was two hundred and forty-nine out of which one hundred and ninety-seven students graduated. For the Bachelor of Business Administration is (84.42%) and for the Bachelor of Science in Finance is 70.53%) The relevant year.</p>
Job Placement Rate	<p>Since in Afghanistan we are the first choice for students, because of the international faculty, curriculum, conferences with guest speakers, our students readily find a position even while still studying. We are very proud of the number of students who have found jobs during the academic year 2018-2019.</p> <p>All the one hundred and ninety-seven students participated in the placement interviews and one hundred and eighteen students for Bachelor of Business Administration and fifty-two students for Bachelor of Science in Finance successfully secured the jobs after interviews. The placement rate for the year 2018-2019 were (91.54%) and (76.61%).</p>
