Indicators Used

INDICATOR	DESCRIPTION AND HOW IT WAS CALCULATED
Licensure Pass Rates	N.A.
Acceptance into Graduate Programs	<p>Our students graduate in two different streams: Bachelor of Business administration (BBA) and Bachelor of Science in Finance (BSF). After graduation, the University processes their degrees for approval by Ministry of Higher education in Afghanistan (MOHE). In the academic year 2019-2020, the accepted students into graduate programs were 84% for BBA and 75% for BSF. The students after graduation pursue their degrees in graduate programs worldwide. In the academic year 2019-2020, the majority of students preferred not to leave the country as there were restrictions due to the pandemic.</p>
Graduation Rate	<p>Our University calculates the graduation rate based on the number of students admitted for a period vs total number of students graduated. In the academic year of 2019-2020 graduation rates for BBA was 78% and for the BSF was of 75%.</p>
Job Placement Rate	<p>Since in Afghanistan we are the first choice for students, because of the international faculty, curriculum, and conferences with guest speakers, our students readily find a position even while still studying. We are very proud of our students who have found jobs during the academic year 2019-2020:</p> <p>Bachelor of Business Administration: 82% Bachelor of Science in Finance: 74 % successfully secured the jobs after interviews.</p> <p>DU has as its particular strength the fact that it is triple-accredited: IACBE, ACBSP and ASIC. This gives its students an excellent position with the international organisations when on the job market.</p>
